**INDIA WEEK**

**-HACKATHON-**

IIT Mumbai, Powai

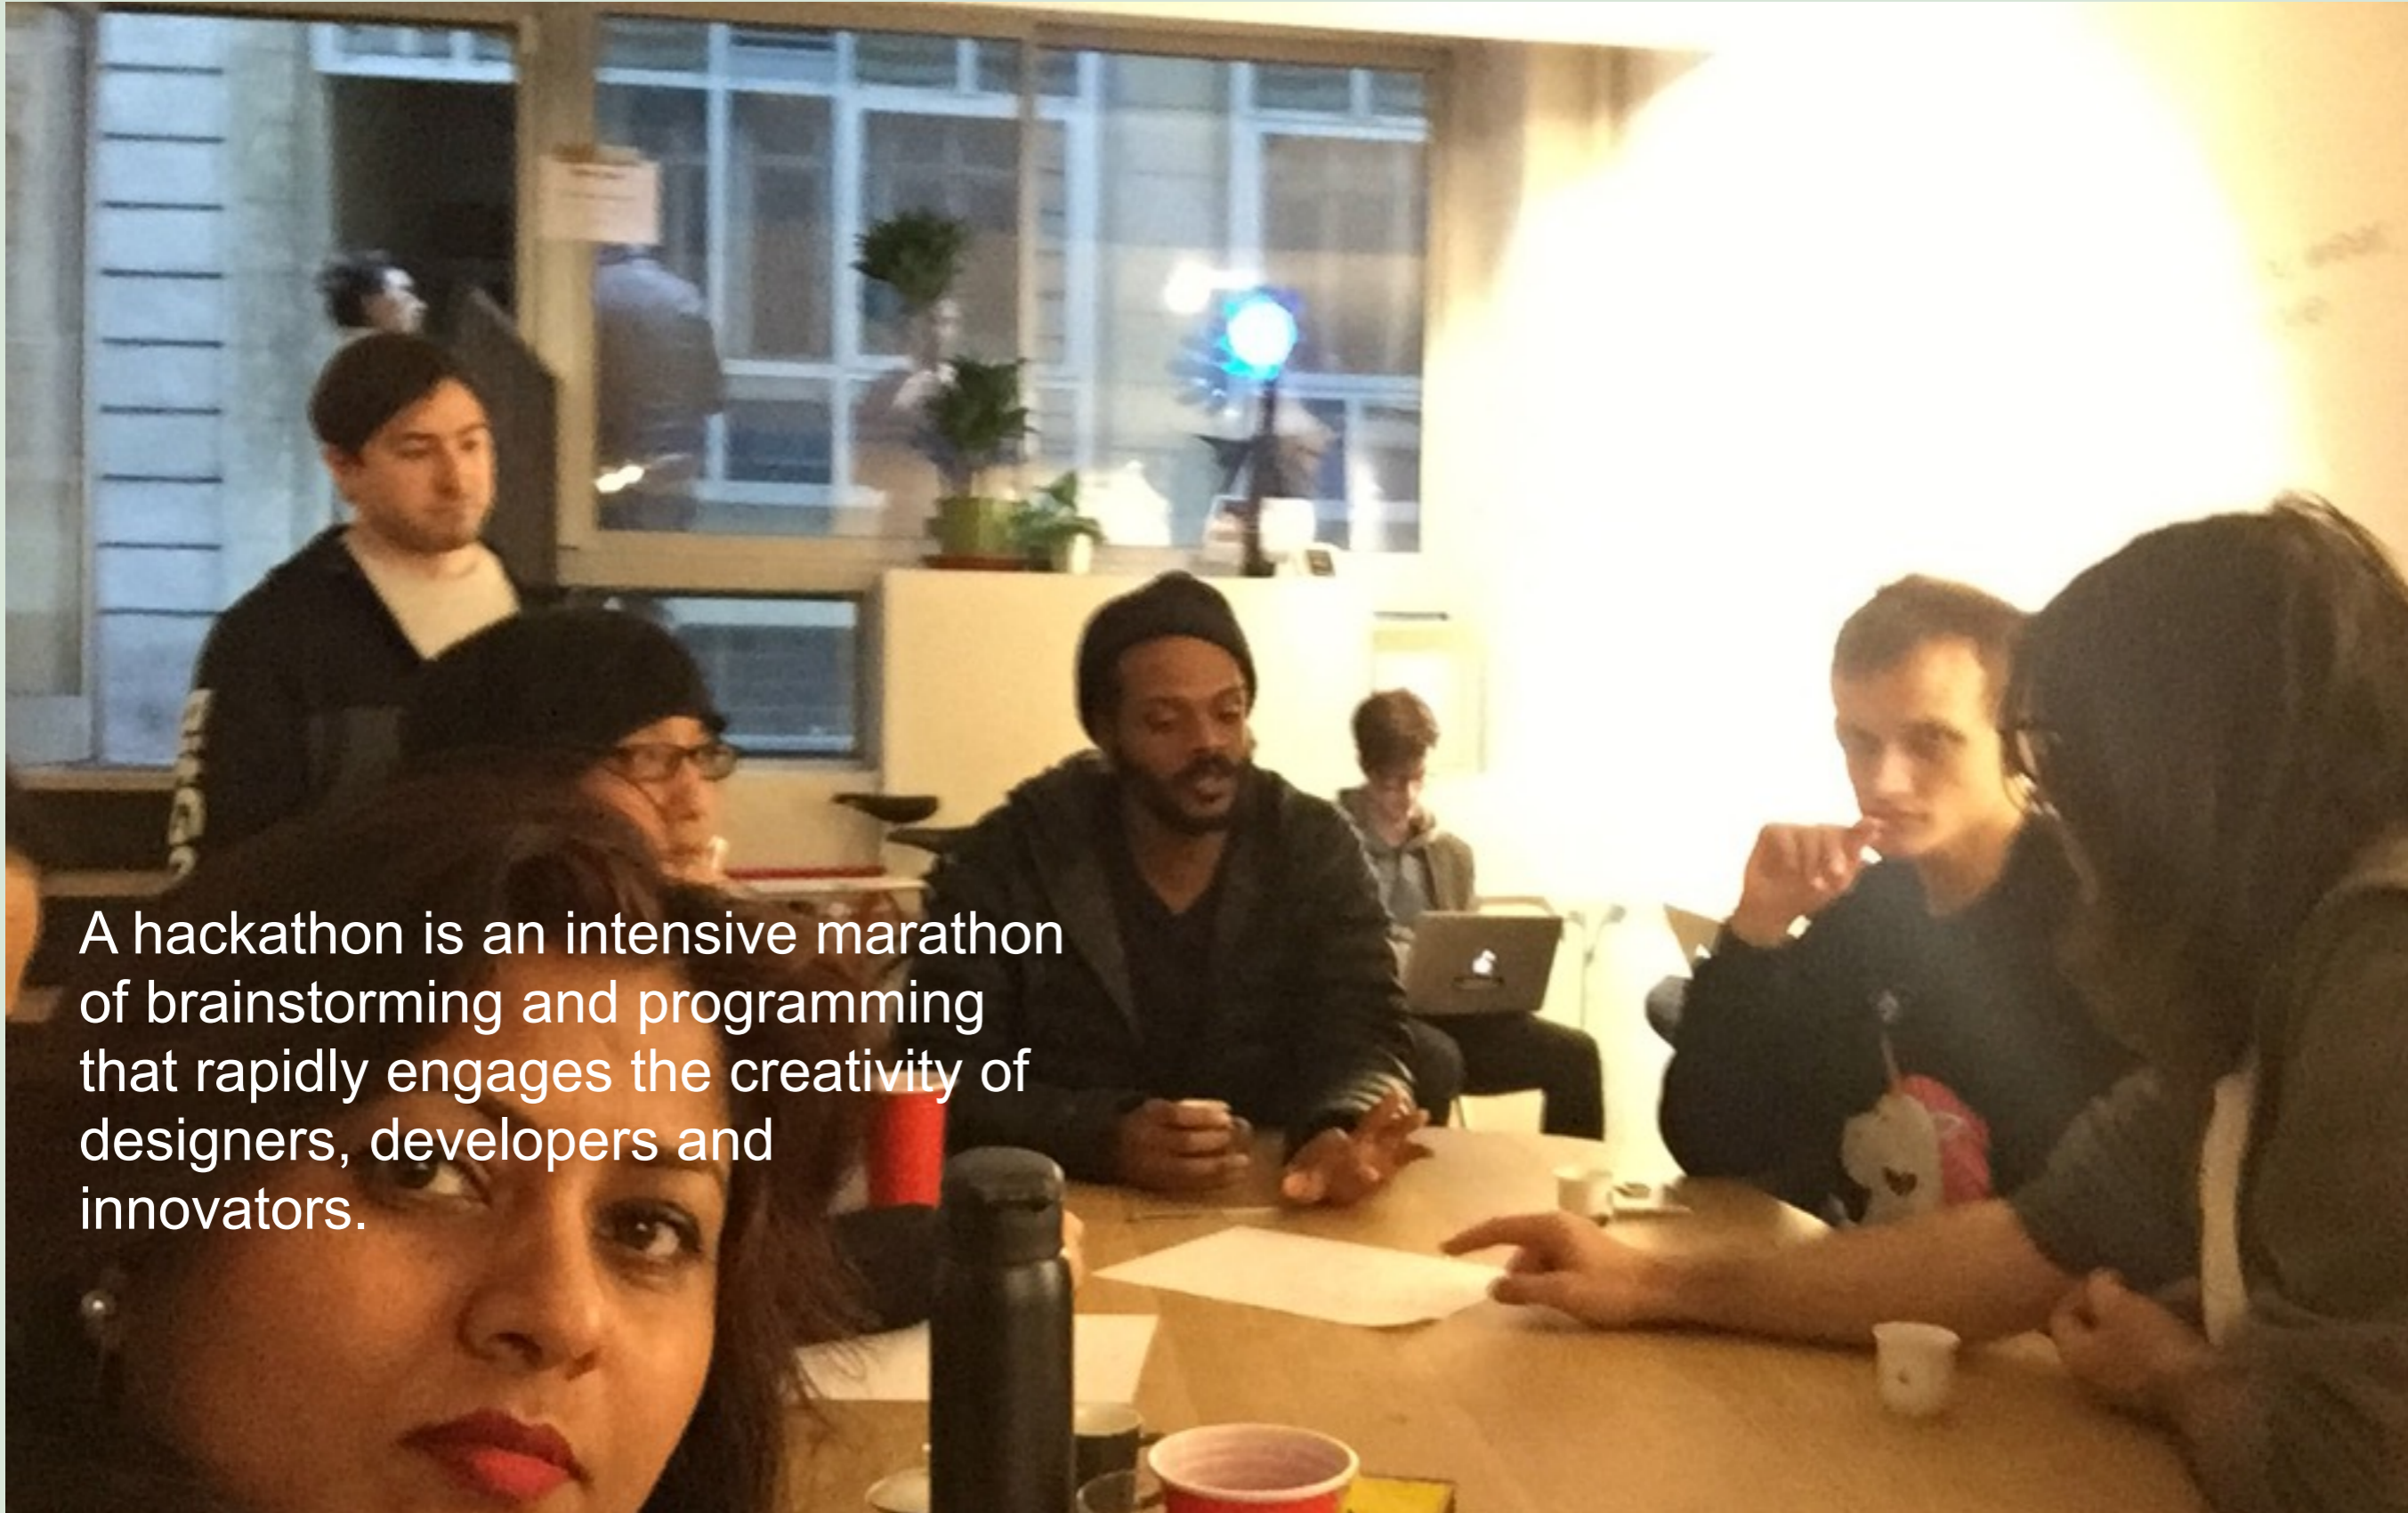

12<sup>th</sup>-14<sup>th</sup> May 2017

6pm Fri to 6pm Sat

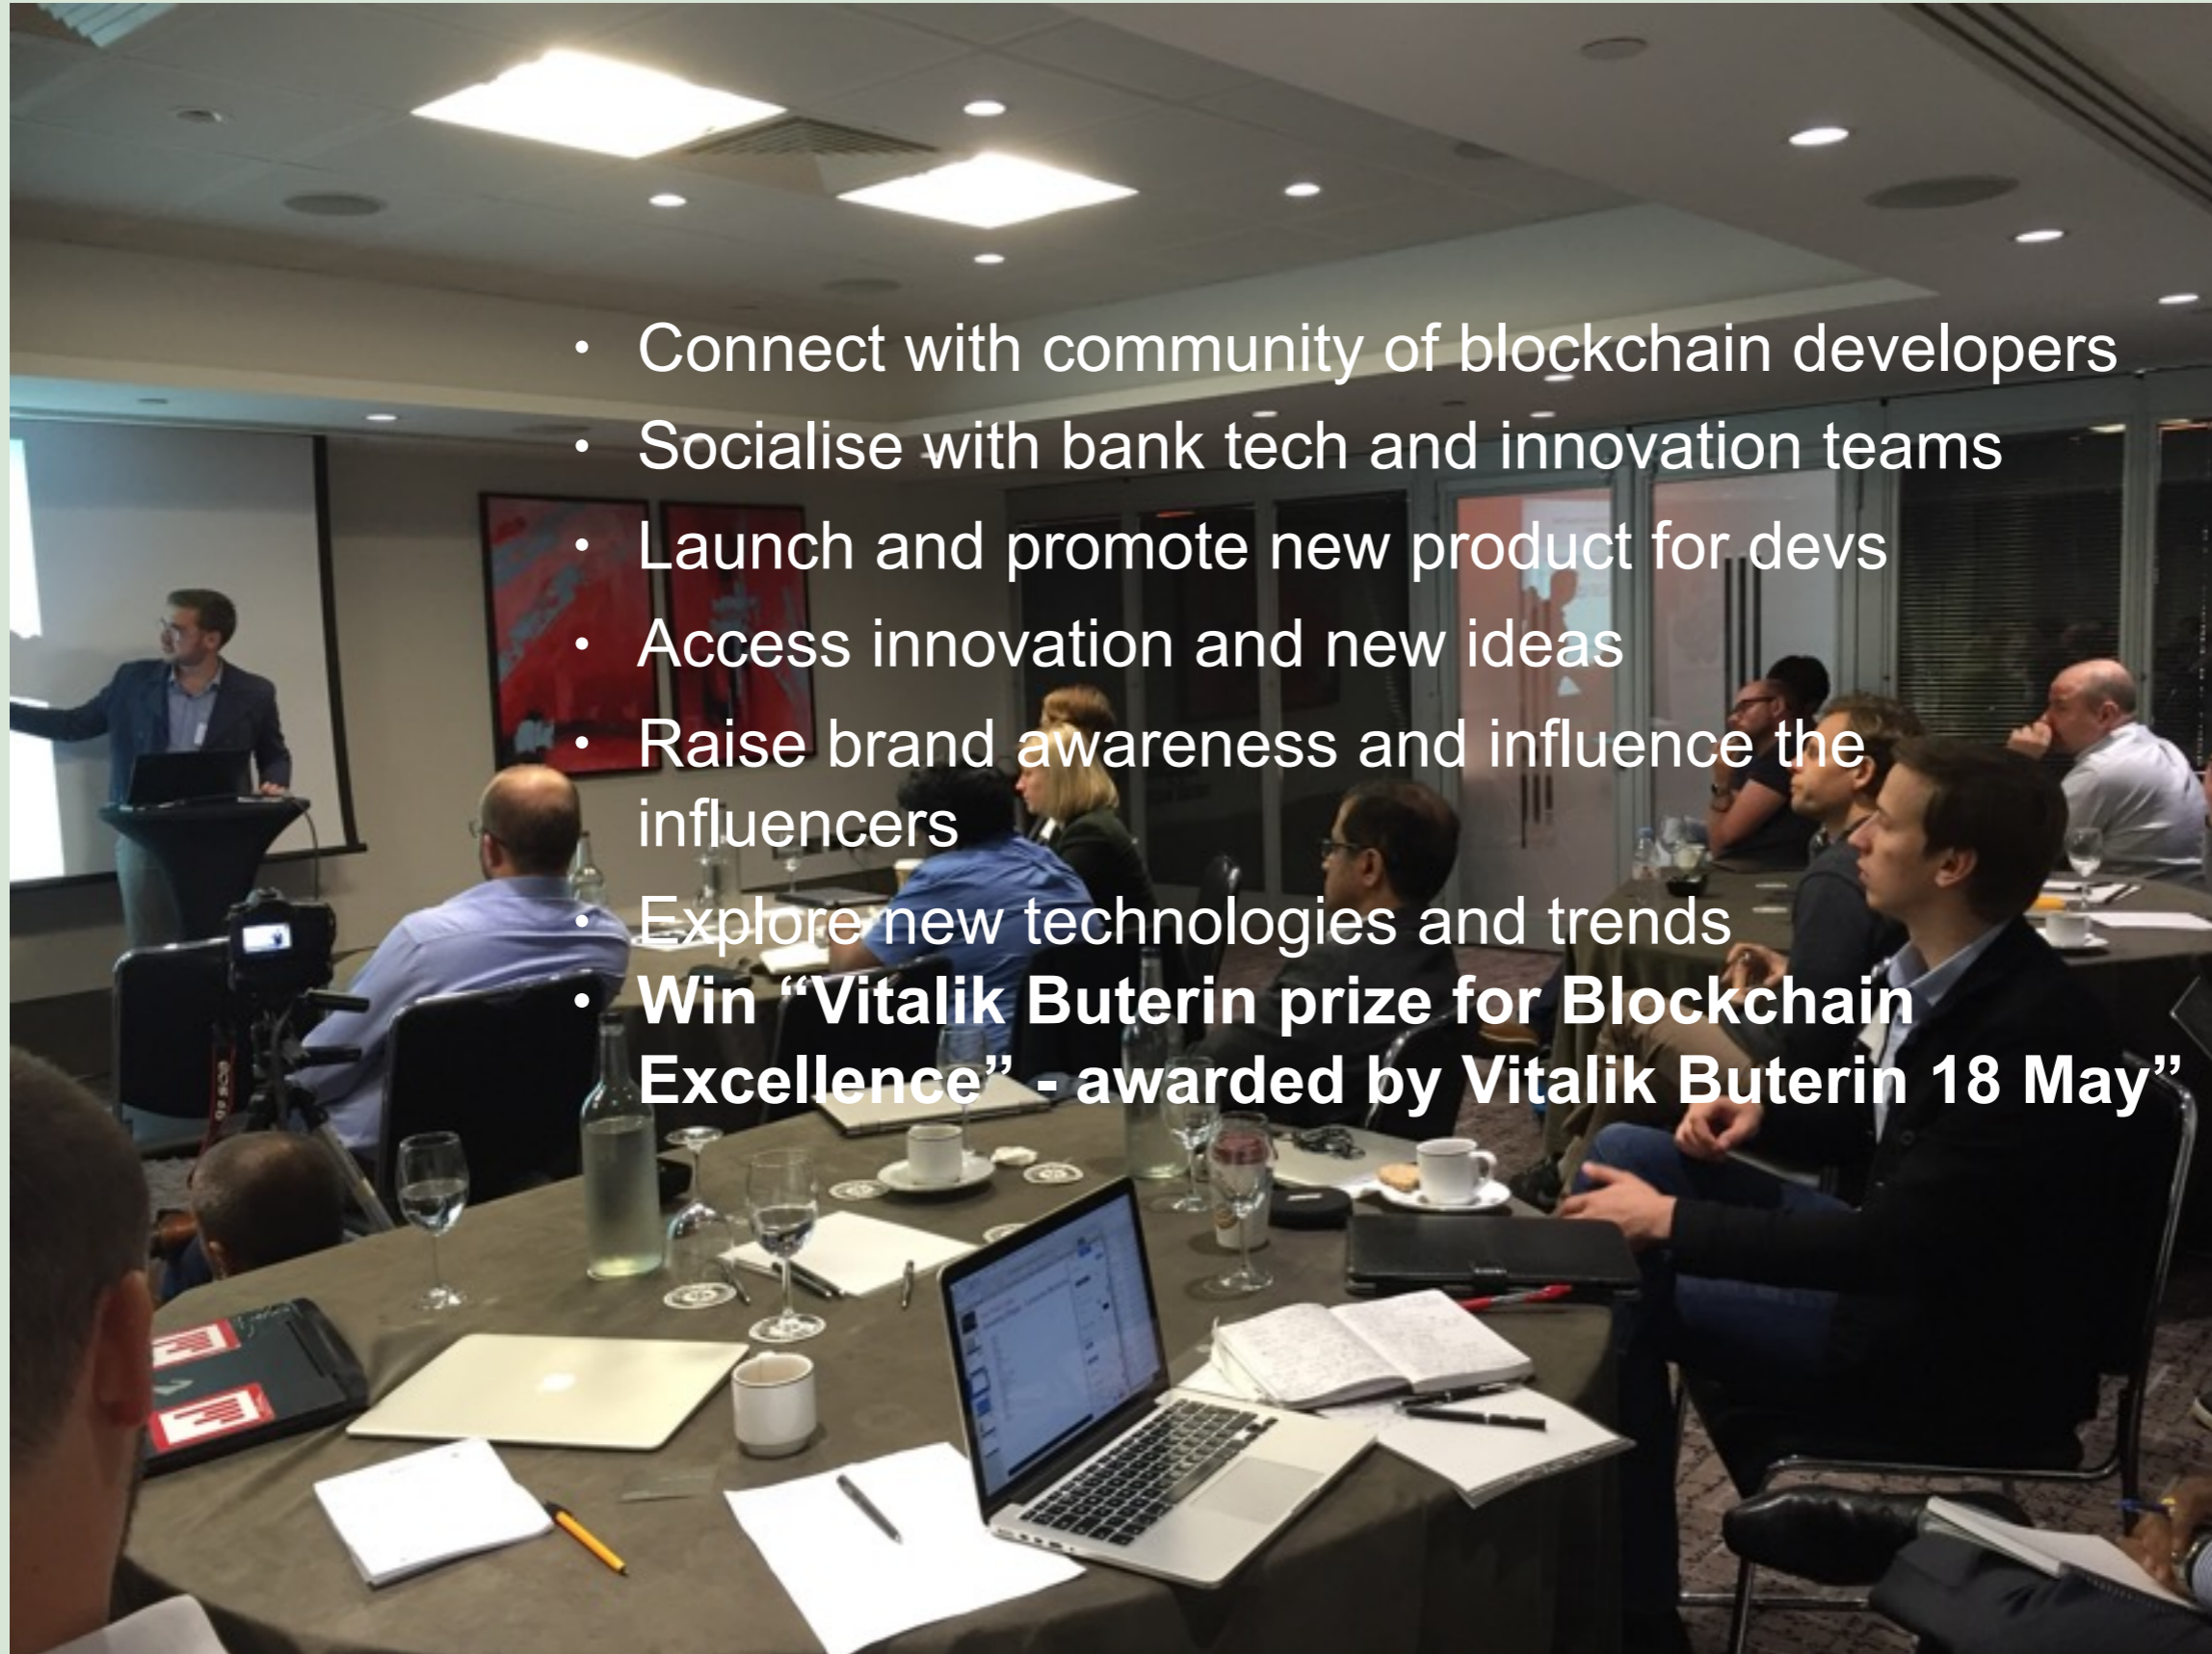

Meet talents, get new ideas, innovate, learn from experts from europe, network and spread the word about your company

# What's a Hackathon?

A hackathon is an intensive marathon of brainstorming and programming that rapidly engages the creativity of designers, developers and innovators.

# What's in a Hackathon?

- Connect with community of blockchain developers
- Socialise with bank tech and innovation teams
- Launch and promote new product for devs
- Access innovation and new ideas
- Raise brand awareness and influence the influencers
- Explore new technologies and trends
- **Win “Vitalik Buterin prize for Blockchain Excellence” - awarded by Vitalik Buterin 18 May”**
